OTOK KRK

Smještena u šumovitom zaljevu na zapadnoj strani otoka Krka, s još dvadesetak okolnih naselja Malinska pripada području pod nazivom Dubasnica. Dubasnički zaljev prepun je uvala i uvalica a zahvaljujući takvom geografskom položaju, ovaj je kraj zaštićen od hladnih vjetrova, s malim brojem padalina i oko 260 sunčanih dana godišnje. Klima je blaga, mediteranska.

Situata in una baia ricoperta di boschi, nella parte occidentale dell'isola di Veglia, circondata da un'altra ventina di villaggi, Malinska appartiene alla regione chiamata Dubasnica. L'area della Dubasnica è ricca di baie e baiette e, in virtù di tale ubicazione geografica, è protetta dai venti freddi; si distingue per un basso numero di precipitazioni e per circa 260 giornate di sole l'anno. Il clima è mite, di tipo mediterraneo.

Malinska is situated in a wooded bay on the western side of the island of Krk with another twenty surrounding villages belongs to a territory known as Dubasnica. The Dubasnica bay has a wealth of both large and small coves and thanks to its geographical position; the area is protected against cold winds, with little rain and about 260 sunny days per year. The climate is mild, Mediterranean.

Malinska befindet sich in einer waldbedeckten Bucht im Westen der Insel Krk und gehört mit zwanzig weiteren umliegenden Dörfern zum Gebiet namens Dubasnica. Die Dubasnica Bucht besitzt viele größere und kleinere Buchten und dank seiner geografischen Lage ist diese Region vor kalten Winden geschützt, mit geringen Niederschlägen und etwa 260 Sonnentagen im Jahr. Das Klima ist mild und mediterran.
